Beaman Information and Events Sign

The Beaman Community Betterment Club is planning on replacing the Beaman Information & Events sign located on T-29 near the Post Office. The new electronic sign will inform people and let them know about community activities. Total cost of the project is approximately \$20,000 of which we have already raised half with a Community Foundation Grant and community organization donations. We hope you will be interested in assisting to make this project a reality! We encourage businesses, families, clubs, or individuals. We can also add Birthday or Anniversary messages with advance notice.
